

Multi-Purpose Cleaning Paste

Cleans Virtually Any and All Hard Surfaces

- Versatile
- Cost Effective
- Environmentally Friendly
- Easy to Use

Versatile: Multi-Purpose Cleaning Paste can be used on practically anything. It can be used on whiteboards, desktops, mirrors, counter tops, stainless steel, tile, fiberglass, enameled surfaces, porcelain, plastic and the list goes on. It is excellent for cleaning graffiti, permanent marker, crayon, grease, mineral stains, rust, soap scum, scaling and any other tough cleaning problems.

Cost Effective: There is virtually no waste with Multi-Purpose Cleaning Paste – no over dilution and no wasted over spray. Clean only the area that needs cleaning and not the surrounding surfaces.

Environmentally Friendly: Multi-Purpose Cleaning Paste is non-hazardous, non-toxic and nonflammable. It is also odorless, chlorine-free and V.O.C free making it the environmental choice for commercial government, health and educational facilities.

Easy to Use: Simply wipe on with a damp or dry cloth, rub in, then wipe off. With Multi-Purpose Cleaning Paste, there are no special applicators or preparation needed.
